

Old Finance Meets New

Seizing opportunity, even when cash is tight.

Bundling an existing finance agreement into a new contract with additional equipment can allow a business to both pay off their existing asset and purchase a new one – with the net result of reduced repayments. Here's how it works.

A CASE STUDY

Double the assets, without doubling the repayments

CURRENT FINANCING	
Asset financed	1 x Excavator
Current (monthly) repayment	\$2,075/month
Remaining time to go on loan	2 years
Payout amount	\$46K
NEW BUNDLED FINANCE ARRANGEMENT	
Assets financed	2 x Excavators
New loan amount	\$146K
New loan term	5 years
New monthly repayment	\$3,029/month (\$1,121 less than if the customer let the existing contract run its term)

It's a win-win – customer gets the asset they want, whilst preserving liquidity – broker gets the deal done.

If you have customers who you believe are worth backing with a bundled refinance option, talk to your flexicommercial BDM today.
